## Welcome to DCR's Mt. Greylock State Reservation

At 3,491 feet, Mount Greylock is the highest point in Massachusetts. Dramatic views of 60-90 miles distance maybe seen. It became Massachusetts' first wilderness state park, acquired by the Commonwealth in 1898, to preserve its natural environment for public enjoyment.

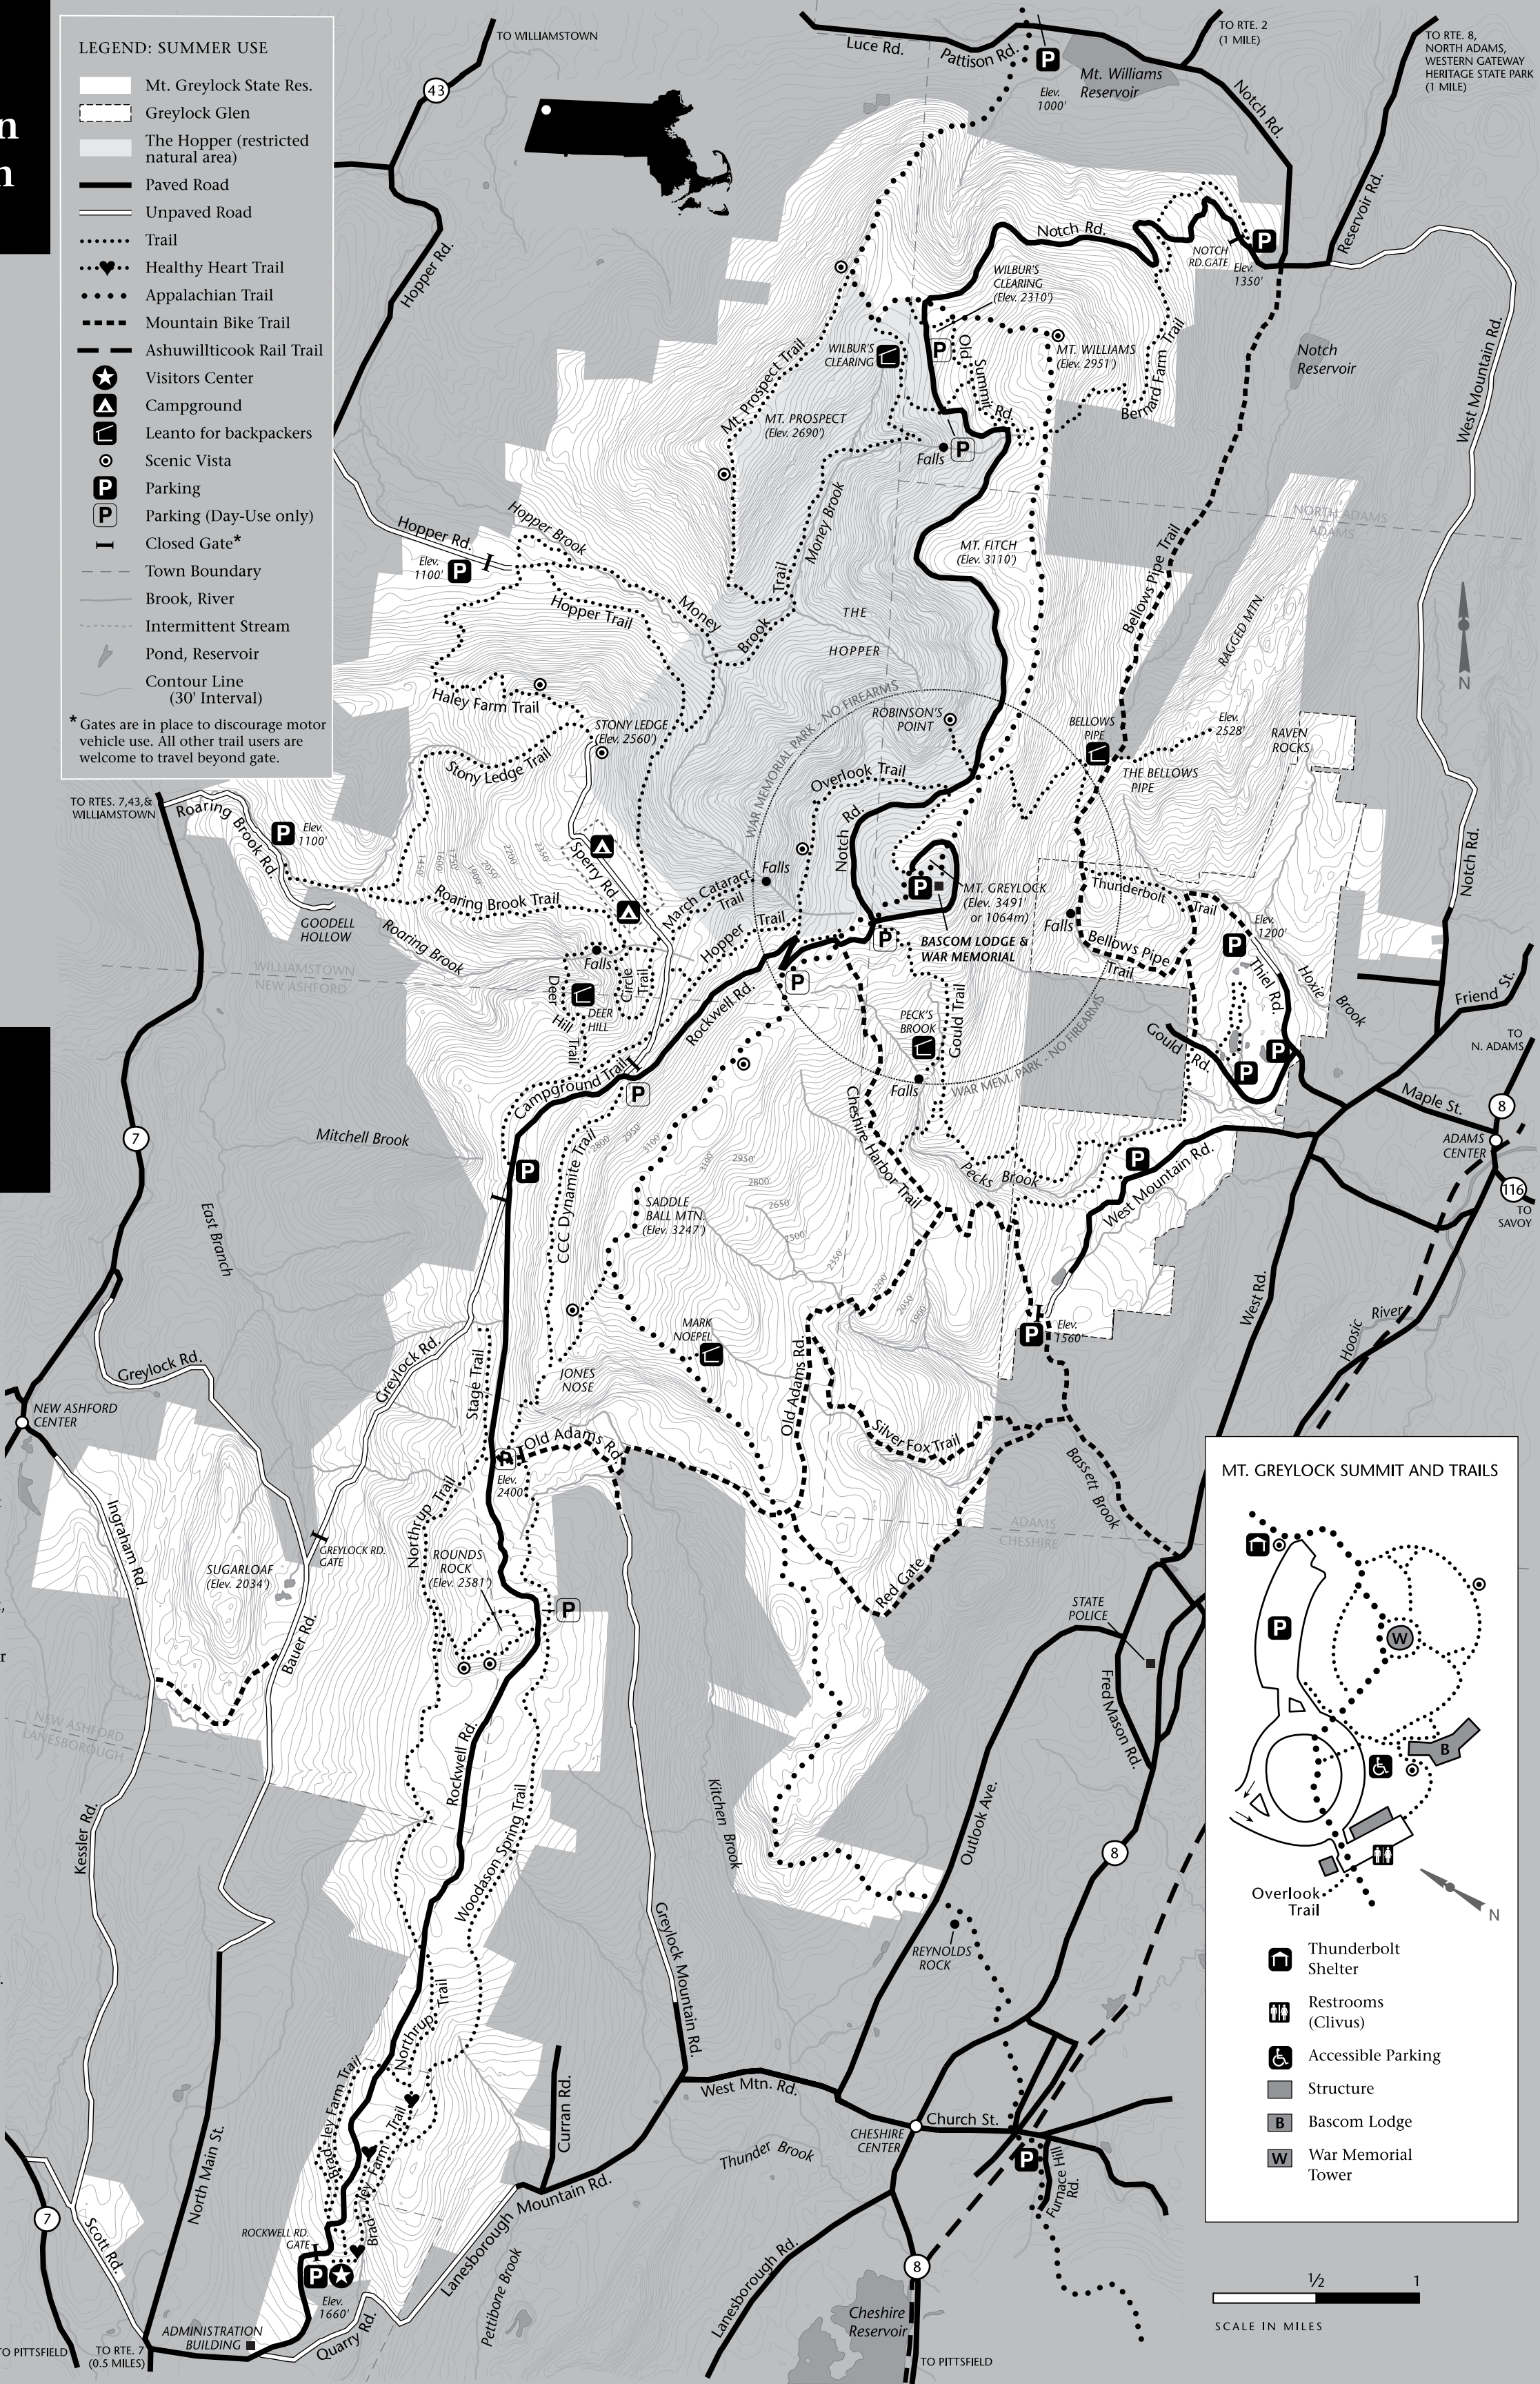

Mt. Greylock is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 450,000 acres of parks, forests, beaches, bike trails, watersheds, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit [www.mass.gov/dcr](http://www.mass.gov/dcr).

Trails are the heart of our parks and DCR invites you to make them the heart of living a healthy lifestyle. Designated by a heart symbol, Healthy Heart Trails are pathways or trails used for hiking or walking that are easy to moderate in activity level, and intended for routine use to help build a healthy heart.

- TRAIL USE GUIDELINES AT MT. GREYLOCK**
