DEPARTMENT OF THE ARMY
UNITED STATES MILITARY ACADEMY
West Point, New York 10996

December 2015

Scouts & Scouters,

Congratulations on your troop's acceptance to the 54th Annual West Point Invitational Scout Camporee! I am delighted to extend this invitation on behalf of the Scoutmasters' Council (SMC). We have an exciting weekend in store for you this spring.

This information packet, compiled by SMC's Accountability Officer, Cadet Maria Fabi, provides you with valuable information and details about registration and logistics of the Camporee, so that you can be safe, successful, and prepared for the events we have planned.

The mission of our cadet club is to provide opportunities for cadets to serve as role models to Scouts across the nation, primarily by sponsoring events that foster positive interaction between scouts and cadets. Through these interactions, we demonstrate professional commitment to developing as leaders of character and servants of the nation. With the Camporee serving as our culminating event, more than 250 cadets volunteer to support SMC scouting events throughout the year. With around 6500 scouts and scouters in attendance this year, the Annual West Point Invitational Camporee continues to be the largest annual Scout Camporee in the nation. This could not be the case without your continued interest and support, so I thank you for that.

Lastly, I want to remind you that each cadet in SMC is a volunteer, many of whom are Eagle Scouts or Gold Award recipients. The cadets on SMC's staff have put in countless hours on top of their strenuous West Point schedules to give back to the program that helped them get where they are today. They are dedicated to ensuring the Camporee is a memorable weekend for everyone. Thank you for joining us, and I look forward to seeing you on the trail!

Yours in Scouting,

Cadet Cade Ricker
Cadet, United States Military Academy
Commander, Scoutmasters' Council

B. Troop Awards

The Camporee is not only a time of exciting events and demonstrations, but is also a forum for troops to show off their skills. Points will be awarded in different categories. The overall best troop will be determined for each sub-camp and an overall winner for the entire camporee will be awarded. Winning troops will be recognized at the Awards Ceremony on Sunday. The winner of the award is the troop with the most cumulative points in the events listed below. We recommend training for 2nd and 1st class basic scout skills in order to prepare for the various sites at the camporee.

Competition Sites open on Saturday (Check Website for Updates)

Camouflage	Wilderness Survival*	Fitness Challenge
Litter/First Aid	Ranger Challenge*	Weapons
Knot Tying	Swiss Seat/One-Rope Bridge	Knowledge Baseball
Leadership Reaction Course	Kim's Game	TAC Challenge
Drill	Commander's Challenge	
Firebuilding	Zodiac Challenge	

C. Site Descriptions (tentative and subject to change)

1. Graded Events (Round-Robin):

- a. **Camouflage** - At this site Scouts will learn how to properly apply US Army camouflage. They will be graded on their ability to apply what they have learned to a time standard.
- b. **Litter/First Aid** - At this site Scouts will fashion a litter and perform first aid techniques. Scouts will have to apply what they know to an "emergency" situation. They will be graded on proficiency and time.
- c. **Knot Tying** - Scouts will be taught how to tie various knots. They will be graded on their ability to correctly tie the knots in a certain time limit.
- d. **Leadership Reaction Course** - At this site Scouts will be given a specific problem to solve using given materials. The Scouts will be graded by time with time added to their score for errors (touching minefield).
- e. **Drill** - This site is mandatory for every Scout in attendance. The Scouts will learn the US Army drill and ceremonies techniques that they will use for the closing review.
- f. **Fire Building** - At this site the Scouts will have to build a fire to burn a string that is at a given height. The Scouts will be graded on how fast they are able to burn through the string and the materials they use to build their fire.
- g. **Wilderness Survival**: Scouts will be given a designated amount of time to look for materials to build a shelter and then given additional time to create the shelter. Once the shelter is graded on its' usefulness, the scouts will be required to take down the shelter and attempt to make the site look as though it was unoccupied.
- h. **Ranger Challenge** - A combination of physical events Scouts must complete (climbing ranger wall, carrying water jugs, etc.). Event requires Scouts to work together as a team to best accomplish the challenge.
- i. **Swiss Seat/One-Rope Bridge** - Scouts will be taught how to tie a US Army rappel seat and will be graded on their ability to re-tie the seat in 90 seconds. They will then have the opportunity to cross a One-Rope Bridge using their seat.
- j. **Kim's Game** - Scouts will be given a certain situation to analyze to identify and remember the variety of items within the situation. After a certain period of time, the Scouts will be asked to turn around while certain aspects of the situation previously

analyzed are altered. The Scouts will attempt to identify any changes that were made to the original site.

- k. **Commander's Challenge** - This event will not be announced until the Camporee. It will be both physically and mentally tough and designed with a military background.
- l. **Zodiac Challenge** - The RB-15, also known as a Zodiac, is a US Army raft. If these are not available due to supply issues, we will use canoes. The Scouts will have to negotiate a course on the lake. The fastest patrol will win this site.
- m. **Fitness Challenge** - Fitness is a critical aspect of military life. The Scouts will be graded on the relative fitness of their patrol through participation in physical activities such as push-ups and sit-ups.
- n. **Weapons** – Scouts will be briefed on a variety of US military weapons, their capabilities, and also their uses. Scout will be graded on how well they retained each weapons' characteristics.
- o. **Knowledge Baseball** - Scouts will play 'baseball' by answering questions about rank requirements, common scout skills, scouting heritage and some basic West Point knowledge. The more questions answered correctly, the more points the Scouts can score.
- p. **TAC Challenge** - Scouts will carry dummy rifles and bound through woodland terrain to rescue a hostage at the end of the lane. They will face physical obstacles and be required to react to enemy contact along the lane.

2. Non-Graded Events:

- a. **Static Display:** *The contents of the static display will be United States Military weapons and accessories.*
- b. **Demonstrations** – *There will be a variety of cadet club demonstrations for the scouts throughout the weekend.*

3. Other Graded Events:

- a. **Campsite Inspection:** Each troop will be judged on the neatness of their campsite. Judges will be looking for planning in the layout of the troop's area, safety, and cleanliness. **Lightfighter troops** will be graded with the expectation that every item could have been brought by them over the trail; deductions will be made for items that could not have been brought in a scout's backpack (i.e. folding picnic tables, picnic gazebos, or the RV Camper with cable TV parked in the middle of the patrol's site). If you are not sure whether your troop applied as a lightfighter or as a normal troop, please contact CDT Maria Fabi at scoutmastercouncilstaff@gmail.com.

3. The following do not count toward troop points but individual awards are given for:

- a. **Scoutmaster's Cook-Off:** Scoutmasters are invited to participate in a cook-off at lunch time on Saturday. There are five categories: main dish, chili, Dutch Oven, lightfighter and dessert. Please refer to the enclosed letter for more detail about this competition.
- b. **Troop Gateway Competition:** Troops are encouraged to prepare a gateway for their campsite, to be judged by camporee staff. The troop must bring all materials and completely remove the gateway before leaving Sunday morning. Troops may not utilize trees, vines, or other vegetation from Camp Lake Frederick grounds.
