Scouts Lend Helping Hand

Members of Scout Troop 54 of the Unitarian Universalist Church, 90 Holden St., spent part of Saturday moving furnishings, old chairs, and memorabilia from Mechanics Hall to storage in the Exchange Building, to protect it while Mechanics Hall is being restored. The first phase of the restoration work on the 119-year-old building began last month. R. L. Whipple Co. has the \$1 million contract. The work is expected to be completed next fall.
